

RESOLUTION NO. 67
SERIES OF 1998

**APPROVING THE POLICY FRAMEWORK TOWARDS
OPERATIONALIZING A FERRY SYSTEM IN LAGUNA DE
BAY**

WHEREAS, several proponents have expressed interest to ply ferry boats in Laguna de Bay to transport passengers to the lakeshore towns;

WHEREAS, the primordial consideration in allowing the use of the lake for water transport is the maintenance/enhancement of the quality of the lake's environment;

WHEREAS, introduction of a ferry system in the lake as an alternative transport system will ease traffic congestion in the Metropolitan Manila areas and the provinces of Rizal and Laguna.

WHEREAS, formulation of policy guidelines on the use of the lake for the ferry system is of utmost importance to prevent undue ecological disturbance, deterioration and pollution of the lake may result from the operation of the ferry service;
